Dietary professionals play an integral role in helping residents stay well-nourished and healthy. These heroes continue to rise to daily opportunities to take care of others' needs and bring nutrition to the forefront in every meal.

Thank you to our Manor Dietary Staff for all they do for our Manor residents!

October is a season of harvest, reflection, and transition, offering a wonderful opportunity to slow down and reset before the busy holiday season begins. Enjoy the crisp air, changing colors, and quiet nature of autumn as an anchor for your mental wellness. In-season produce brings peak autumn harvest foods into your kitchen, such as pumpkin, sweet potato, kale, carrots, apples, and persimmons. Enjoy the reset that autumn brings!
